Experience

Philips - Grand Rapids, MI

Sales Enablement Specialist, 2021 – Current

Provide triage assistance to the Field Sales organization including executing on standard process, and one-off situations requiring research and follow up with a recommended path to resolution.

- Assist Sales Representatives with creating and submitting SFDC transactions such as Sales Contract Support Requests, Spend Report Data, Creating Sales Force Dashboard, and Collecting and cleaning data for client presentations.
- Support the Reps by working on various reports such as, Aged Spend Reports, Breaking Down Tableau Reports and Dashboards, and Executing Agreement Renewals.
- Created visually impactful dashboards in Excel and Tableau for data reporting by using pivot tables and VLOOKUP. Extracted, interpreted, and analyzed data to identify key metrics and transform raw data into meaningful, actionable information.

Philips - Nashville, TN

Specialty Markets Order Management Specialist 2020 – 2021 (1 Year)

Served as customer service representative ensuring customers' orders are properly placed, invoiced, and shipped to customer. Utilized SAP and Sales Force to ensure clean and on time delivery of product.
